

# BOOST PACK CATALOGUE

# ASC12 SUPER CAPACITOR BOOST PACK

£385.00

FULLY RECHARGED FROM ANY 12V RUNNING VEHICLE IN 30 SECONDS!

Our ASC12 pack is designed for usage in car and van dealers, auction houses and MOT stations. Our 12V pack is 40cm in height and approximately 7KG in weight. The ASC12 pack includes 3 safety features; a built-in safety fuse, an on/off switch and a reverse polarity alarm. With a peak amplitude of 4'300A, and starting current of 980A. The ASC12 pack also features a fully automatic charger, large industrial pure brass clamps and a built-in extension socket.

## Features

- Fast Recharge
- Lightweight
- Battery-Less
- Built-In Safety Features
- Operating Temperature - -40°C - +50°C
- Heavy Duty Clamps
- ABS Shock Resistant Casing
- Industrial Pure Brass Clamps
- Reverse Polarity Alarm

## Specification

MODEL	ASC12
Peak Amps	4'300
Starting Current	980A
Anderson Connector	Built-In Connector
Charge	Fully Automatic Charger
Clamps	Large Industrial Pure Brass Clamps
Operating Temperature	-40°C to +50°C
Case	ABS Shock Resistant Plastic Casing
Voltmeter	Digital Voltmeter
Weight	Approx 7kg
Height	40 cm

TYPICAL ENGINES	
Petrol	All
Diesel	Up To 32 Litres

# ASC1224TR SUPER CAPACITOR BOOST PACK

£895.00

FULLY RECHARGED FROM ANY RUNNING VEHICLE IN 30 SECONDS!

Our ASC1224TR pack is designed for usage in large commercial operations. Our 12/24V pack is 80cm in height and approximately 20KG in weight. The ASC1224TR pack includes 3 safety features; a built-in safety fuse, an on/off switch and a reverse polarity alarm. With a peak amplitude of 18'000/9'000A, and starting current of 4'400/3'400A, this pack can be used for larger vehicles. The ASC1224TR pack also features a fully automatic charger, built-in trolley, and large industrial pure brass clamps and a built-in extension socket.

## Features

- Fast Recharge
- Lightweight
- Battery-Less
- Built-In Safety Features
- Operating Temperature - -40°C - +50°C
- Heavy Duty Clamps
- ABS Shock Resistant Casing
- Industrial Pure Brass Clamps
- Reverse Polarity Alarm

## Specification

MODEL	ASC1224TR
Peak Amps	18'000 / 9'000
Starting Current	4'400 / 3'400A

# ABP-TR1224 BATTERY BOOST PACK

£895.00

The ABPTR 12/24V battery jump start pack from Alliance Transport Technologies has been specifically designed for numerous start-ups of large commercial vehicles. The battery boost packs are fitted with high capacity batteries, resulting in high cranking capabilities. The large power output ensures peak performance under key maintenance operations such as fuel bleeding, oil pressure build-up, tail-lift cycling as well as recurrent engine starting.

## Features

- High capacity Energys PC1100 lead batteries
- Heavy Duty 12/24V Switch
- Digital voltmeter to display battery life and voltage of the alternator
- Charger also acts as an external battery charger
- Anti-surge PCB board to avoid spikes
- 1000 Amp safety fuses
- Durable plastic case
- Industrial Pure Brass Clamps
- Built in trolley
- Reverse polarity alarm

## Specification

MODEL	ABP-TR1224
Peak Amps	12V - 4'900A / 24V - 2'450A
Nominal Voltage	12/24V DC
Starting Amps	12V - 2'200 / 24V - 1'100 Amp
Battery Capacity	45 Ah
Fuse Rating	1000A
Operating Temperature	-30°C to +50°C
Case	ABS Shock Resistant Plastic Casing
Charger	Premium 7Ah External Smart Charger
Weight	Approx 40kg
Dimensions	40 x 26 x 50 cm

The pack comes with a 7.0A premium external smart charger that can also recharge and maintain external batteries.

# POWERVAMP BATTERY BOOST PACKS

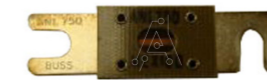

Alliance are the official power pack distributor for the PowerVamp product in the UK. The product quality is unmatched by any portable charging systems in the industry today; shipped to you with 12 months warranty.
